

# Water Efficiency in Operations

*Liveable Cities Lab - Water for All | 5 May 2025*

*Atty. Juan Lorenzo* **Tañada**

VP for Corporate & Regulatory Affairs / Public Affairs,  
Communications, and Sustainability (PACS) PH

# Coca-Cola®

has called the  
Philippines home for

# 113 years

18 *manufacturing  
plants*

70 *distribution  
centers & sales offices*

1M+ *micro  
retailers*

6k+ *key  
accounts*

3k *trucks*

*At Coca-Cola,  
Sustainability  
is at the core of  
our operations*

*All ~9,000 Coca-Cola associates are*  
water stewards

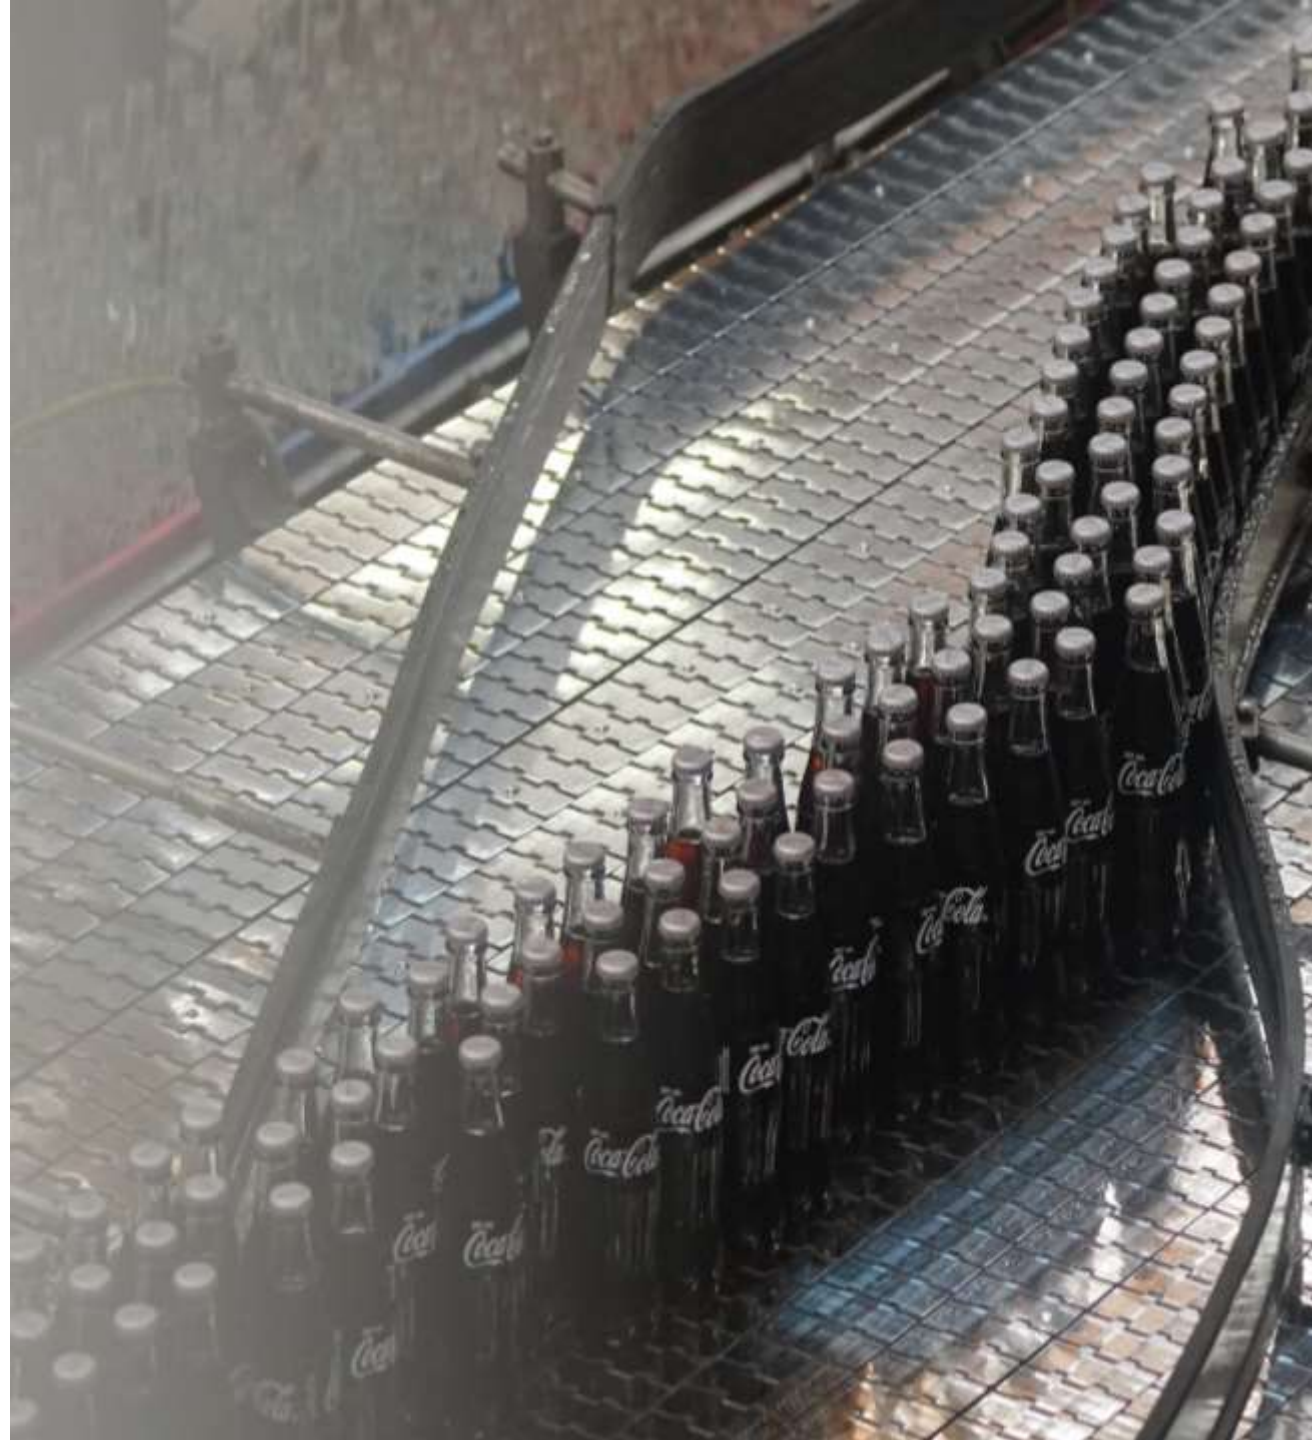

Water is essential *to life,  
our beverages, and the  
communities we serve*

CCEP This is Forward action plan:

**109.8%**

of the water used in our  
beverages was replenished

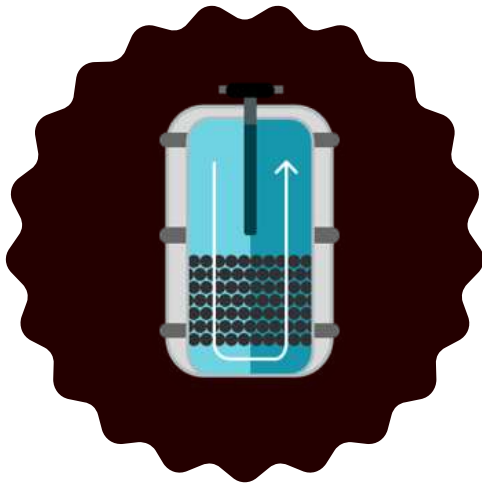

*Our passion for water sustainability  
is evident in the way we operate.*

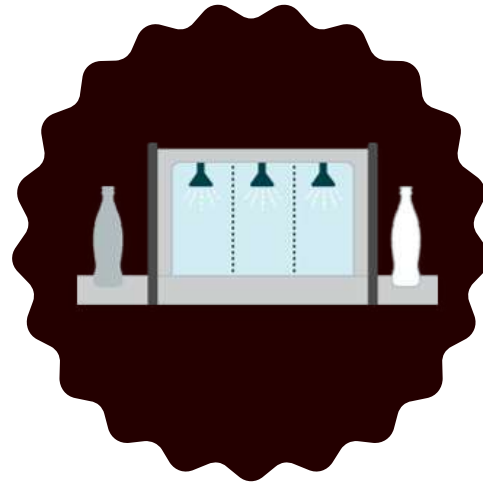

# *Strengthening systems in water-intensive processes*

## BACKWASHING

*Right washing at  
the right time*

## BOTTLE WASHING

*Smart design for  
optimal bottle washing*

## CLEAN-IN-PLACE

*Small steps,  
big gains*

*Through our Water Savings Initiatives,*  
*our* National Water Use has  
significantly improved

*Through our Water Savings Initiatives,  
our National Water Use has  
significantly improved*

*State-of-the-art wastewater treatment  
facilities processing used water into quality  
viable for return to the ecosystem*

*Every single  
beverage we  
produce is made  
with the highest  
quality and  
sustainability  
standards*

*We will do more to accelerate actions towards  
protecting water now and for the future*
