Decongest roads

Reduce pollution

What's next?

Invest in safe and reliable networks, data storage solutions, and security tools to detect and prevent cyber threats

Ensure that our citizens are at the center of our digital transformation efforts

Unlocking growth through PPPs

01

- Provide access to external expertise, resources, and networks

02

- Develop and roll out new solutions

03

- Ensure that the city's projects are well-funded and sustainable

THANK YOU
