

Working towards the SDGs: process and partnerships

Elizabeth Milsom, UK Foreign and Commonwealth Office

Global Future Cities Programme Overview

"To work with a **select** number of cities in middle income countries over a three year period to help them improve the way their cities are planned and managed, resulting in increased local prosperity and quality of life, including a reduction in levels of poverty and gender inequality, together with creating mutually beneficial two-way trade opportunities."

SDGs that Prosperity Fund programmes directly contribute to:

Strategic Development Phase of Programme

4 **PARTNERS** 10 COUNTRIES

19 **CITIES**

INTERVENTIONS

50+

+008 **PARTICIPANTS**
